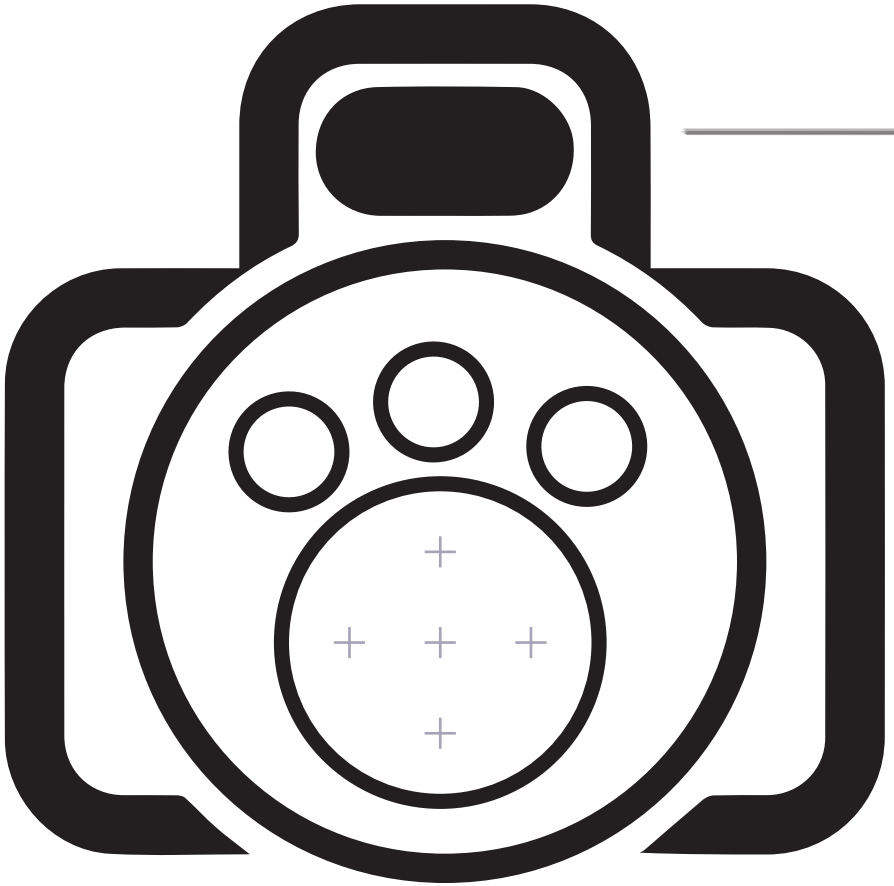
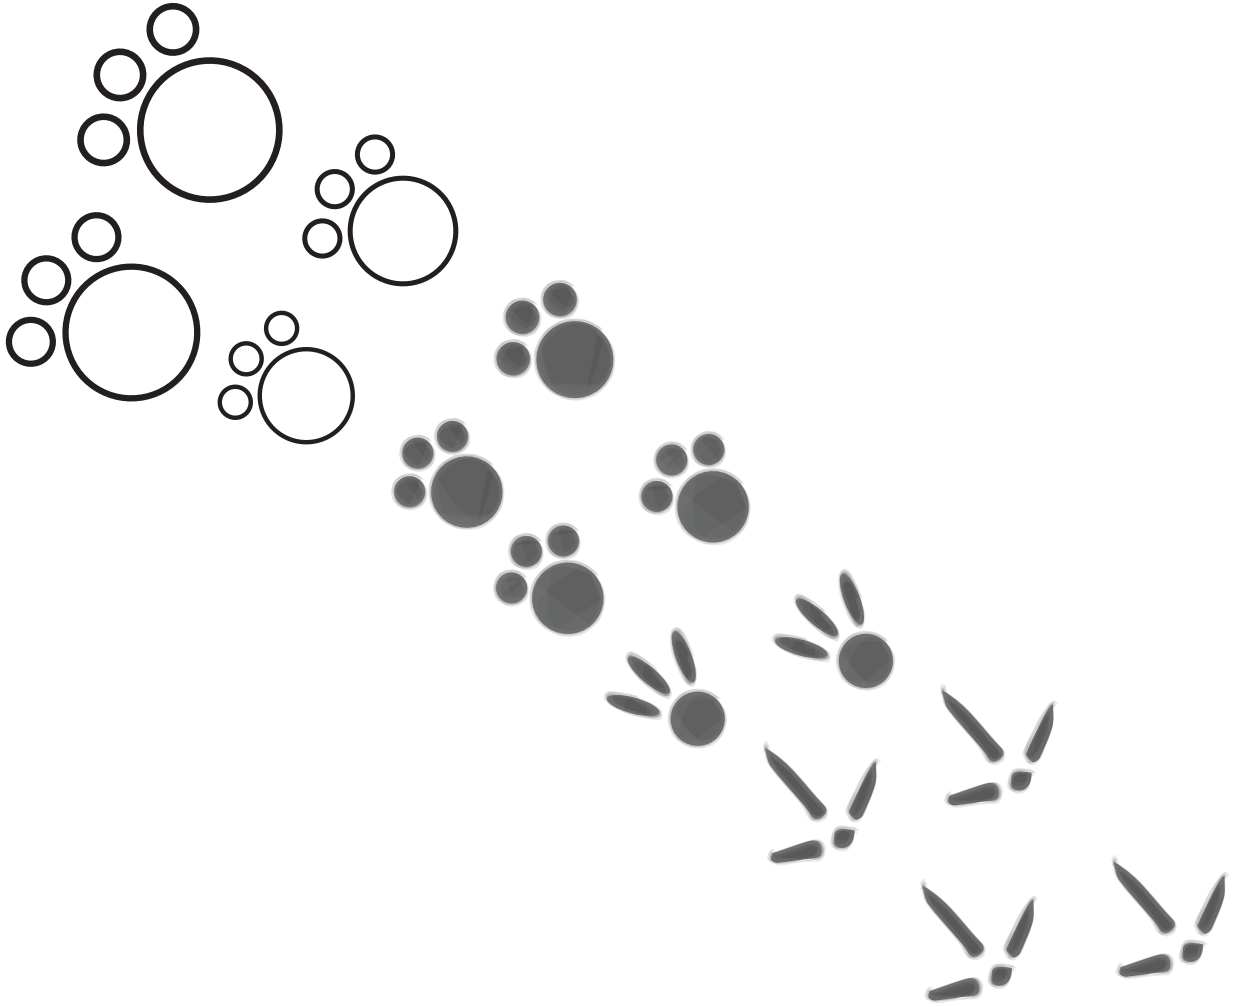
PootPrints Sheets

it's simple to get 1:1 photo into RhinoCeros



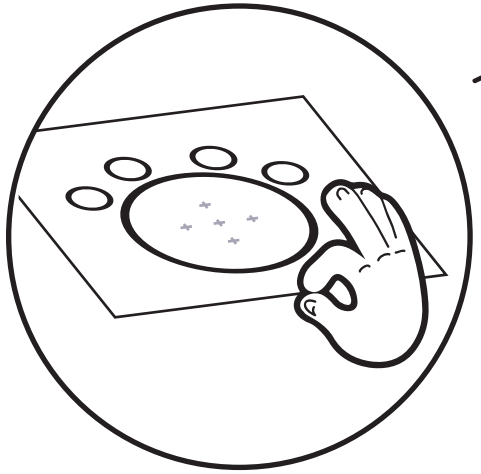


EasyJewels 3D

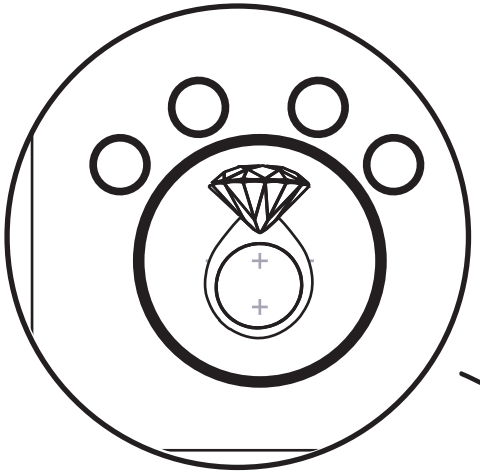
POOTPRINTS is a EasyJewels3D system for aiding the RhinoCeros user to import a 100% image size from photo.

1. Take the object

2. Print and cut one PootPrint Sheet

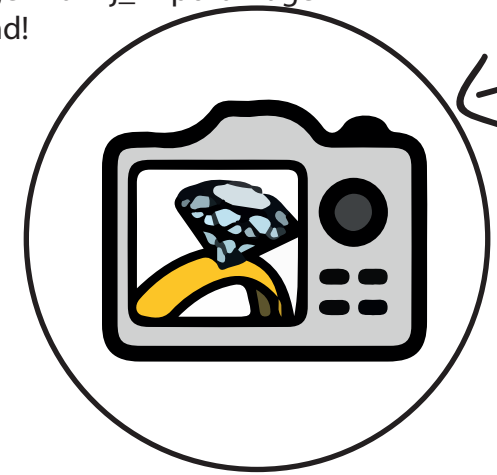


3. Put the object inside the PootPrint Sheet



4. Take a photo with camera, phone, webcam....

5. Open RhinoCeros and import the image with Ej_ImportImage command!



BETTER THE PHOTO,
BEST THE RESULT
UNTIL 100% REAL SIZE
